

POLYMER COATING ON OTHER ITEMS IN INDUSTRIES **(other than J Hooks)**

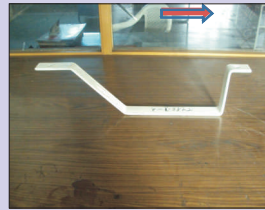

From the time our Polymer Coated J Hooks became popular in the market, we get constant demands from industries to extent this coating over to other items used by them.

Polymer Coated Roof Valley Gutter Clamp is one of such new items being manufactured for Ashok Leyland Group.

MS GUTTER CLAMP

POLYMER COATED GUTTER CLAMP

DEVELOPMENT IN GUTTER CLAMPS-FROM MS INTO POLYMER COATED CLAMPS TO AVOID FALLING FROM ROOF DUE TO CORROSION

WHAT IS POLYMER COATING

Polymer Coating is a special coating technology developed by us after exhaustive trials for almost nine months at Central Institute of Plastics , Engineering and Technology. This technology replaces the conventional Plastic coating which has very low Peel off resistance. The coating will give 06 times extra life to the product in addition to preventing the consequences of frequent failures / replacements. Polymer Coated products go through different quality tests like Acid Fumes Test , Humid Chamber Test etc. before it reaches the hands of customers.

If you have any such item to be protected with Polymer Coating, please e-mail a hand sketch / drawing of it, so that we shall revert with details.

- ❖ No.1 Manufacturer of Polymer Coated J / L Hooks and Roof Ladders in the country
- ❖ World Class Quality ❖ Low Price ❖ Quickest Delivery

Stores Code		Description	Unit	Quantity	Rate
630308021		5/16 Ø PVC J BOLT & NUT - 6 1/2"	NO	500	Rs.14.42 PerNumber
		5/16 Ø (7.9mm) PVC J BOLT & NUT - 6 1/2" LENGTH BOLT & NUT WITH SEALING ACCESSORIES (SET CONSISTING OF POLYMER CAP, POLYMER WASHER & THRUST WASHER) - ROOF SHEET TYPE CORRUGATED TYPE : CURVED. Less Discount on basic rate 5- % Freight Extra at Actuals
